SIR,

Subject: Acquisition of two sites along Valmiki road required to complete the Adipampa layout.

I write to state that the two sites namely site No. 6 and 7 along Valmiki Road are required by the Board for completing the Adipampa Layout. The said two sites were sold by the Board to Messers Modern Motor Service Limited for a sum of Rs. 13,840/- on 28-12-1944. In June 1952 the company were informed that sites would be resumed if they are not built upon. Thereafter the company submitted plans for the construction of motor garage and workshops and requested for approval. The plan was not approved as the Board resolved on 27-5-53 that no garage and workshop should be permitted as the same was meant only for dwelling houses. On 25-8-54 the Board resolved to acquire the sites for completing the Adipampa Layout and notice under Section 16 of the Trust Board Act was served on the company on 19-10-54 calling for objections if any. The company ~~have~~ in their letter on 13-11-54 have stated that they are agreeable to the acquisition and they wanted as compensation the purchase money, Municipal Taxes, interest from 1944 on the amount paid by them. The Government Pleader who was requested to furnish his opinion whether interest is payable to the party, has pointed out that interest is not payable and only statutory allowance at 15% is admissible as in the case of other acquisitions. The Board in its Meeting held on 27-1-55 resolved that acquisition proceedings may be pursued.

(P.T.O.)

(2)

All the formalities enjoined under Section 16 of the City Improvement Act have been observed in respect of the scheme, and the following papers ~~are~~ are herewith submitted for information of Government.

1) Copy of the office notification No. B2.C. 346/54-55 dated 24-9-54.

2) Copies of the Trust Board Resolutions No. 328 dated 29-12-54, ~~25-8-54~~ No 174 dated 25-8-54 and No 369 dated 21-1-55

3) Sketches and estimate.

4) The concurrence of the City Municipal Council has already been obtained on a previous occasion for the Adipampa Layout and as this forms part of the layout, no fresh concurrence has been obtained.

5) Under these circumstances declaration statements in English and Kannada in duplicate are enclosed for favour of publication in the Mysore Gazette and 25 spare copies may kindly be caused to be sent for use in this office.

The cost of acquisition as per Trust Board Engineer's estimate comes to Rs. 16,000/- and this will be met out of extension funds. The acquiried area will be formed into smaller sites to fit in the layout already formed and will be disposed off on a self supporting basis.

The acquisition estimate may kindly be sanctioned and final notification may be caused to be issued early.

Yours faithfully,

S. Linganna.

To

....Sri...B.M.Krishnan,..B.A.,...I.A.S.,
Secretary to the Government of Mysore.
Education & *Local Self-Government & Planning Departments,*
BANGALORE.

SIR,

Subject : Acquisition of two sites along Valmiki Road, V.V.Puram, Mysore.

With reference to your letter No.L.15079 dated 15-3-55 on the above subject, I write to state that the sites under reference were sold for construction of a building for an office and also to accommodate buses as per Trust Board resolution No.D.S.174 dated 29-11-1944 (copy enclosed) since the area was not developed and as there was no likelihood of construction of dwelling houses/at therein that time. The area is now very much improved and the construction of Trust Board model houses is under rapid progress. The license for construction of garages was therefore refused by the Board in resolution No.78 dated 27-5-1953 (copy enclosed). The legal opinion from the Government Pleader was also obtained before proceeding with acquisition and action has been taken accordingly, to acquire the sites. Copy of the Government Pleader's opinion is enclosed.

I request you therefore, in the above circumstances stated, kindly to obtain sanction of to the estimate and to publish the final notification for acquisition as proposed, instead of resumption with 25% penalty as the allottees do not come under that category.

Yours faithfully,

S.Linganna.
(S.Linganna) 21/3
Chairman.

DVS)

(10)

Note No.483/dated 23-1-1955 from the Government Pleader, Mysore.

The Modern Motor Service Ltd., applied to the Board on 17-7-1944 for grant of a suitable site "for our office and to accommodate our busses". After correspondence, sites Nos. 6 and 7 were given to them at Rs.2-8-0 per syd. as per Board resolution dated 29-11-1944. The company paid the full amount of Rs.13,840/- on 28-12-1944 as required in the endorsement dated 11-12-44 stating that the two sites would be sold to them on the conditions noted therein. A mutchalika dated 18-1-1945 has also been taken.

In June 1952, the company were informed that the sites would be resumed if they are not built upon. The company submitted plans for approval. These were not approved as the Board resolved on 27-5-53 that no garage and workshop should be permitted but only dwelling houses. On 25-8-54, the Board resolved to acquire the sites and notice under Section 16 of the Trust Board Act was served on the Company on 19-10-1954. In their letter of 13-11-54 the company stated that they were agreeable to the acquisition and they wanted as compensation the purchase money, interest thereon, Municipal taxes paid and solatium, On 29-12-54, the Board resolved that the acquisition proceedings should be pursued.

Two questions are for consideration. The first is whether in the circumstances referred to above, a resumption of the sites is legal. I am of the view that it would not be. The only lapse on the part of the company is in respect of the long delay in applying for approval of their intended construction. But this lapse has to be taken to have been condoned on account of the Board's letters commencing with the one dated 16-6-52 in which the company were told that if the sites are not built upon within two months they would be resumed. In the matter of the Board's approval of the intended construction, the correspondence discloses that the company are not to blame. Even in their very first letter ~~xxhx~~ the Company have informed that the buildings are"for out offices and to accommodate our busses". The Board

P.T.O.

resolution of 27-5-53 declined approval to such a construction. These two circumstances are, in my view, sufficient to exonorate the company from all liability for the sites being resumed.

The other question relates to the claim put forth by the company in their letter dated 13-11-1954. Although the company have not become the owner of the sites, their interest therein is a recognisable one under the provisions of the Land Acquisition Act, firstly, as being the person in possession under an agreement of sale; secondly by reason of their having paid the price stipulated within the time given to them by the Board therefor. In passing the award the Land Acquisition Officer and later the Court, if there should be a reference under Section 18 of the Act, are obliged to find out the market value of the sites as at the time of the notification under Section 16 of the Act which in this case is September-October 1954. The price paid by the Company in December 1944 would not be the only factor or the main one for determining this market value. The rate at which like sites in the locality are sold in or about September-October 1954 would be the criterion. What this is, is a question of fact. In addition to this market value, the company would be entitled to 15% solatium thereon. In this computation of compensation NEITHER THE MUNICIPAL ~~RATES~~ taxes PAID NOR INTEREST on the purchase money come in. It is a point, however, for an actual ascertainment whether the compensation to be computed as indicated by me would approximate the total of the four items of claim put forth by the company in their letter of 13-11-1954 or would be ----materially different.

As above stated, the company have not become the owner of the sites as yet but their interest therein is one which is recognised by law as entitling them to compensation if the sites are acquired although the company's interest is not as valuable as that of the owner of the sites. The company's interest would be a little less. What this amounts to in terms of money would be greatly dependent on the proportion between the computation of compensation mentioned above and the claim put forth. In the very nature of the thing and in the absence of any information as to the rate at which sites in the locality are sold, it is not possible to state even approximately what the acquisition may cost.
